Q: Why a Photo Booth?

A: Simple – people have fun with Photo Booths and it gives them an instant keepsake. Photos are timeless and the photo booth lets people be interactive. Photo Booths create a lot of laughter and often the fun is trying to get everyone in the Photo Booth for a picture. If you have been to an event with a genuine Photo Booth, you know how much fun they create, and if you haven't, well you are in for a great surprise.

Q: What separates your Photo Booths from the competition?

A: First, our Photo Booths are real, genuine Photo Booths. Second, our print quality is exceptional. Third, we provide a great value for the price. We are also members of the International Photobooth Association which is an organization of premier photo booth rental companies across the country.

Q: How much does it cost?

A: Great question. As with most services, pricing is dependent on a few factors such as date, location, hours of the event, and any extra options. Our standard quote will include usage for up to four hours. When you request pricing, we guarantee a prompt response.

Q: What is included in the rental?

A: Each rental includes delivery, set up, and removal of the Photo Booth. The rental also includes unlimited photos for the duration of the event and a professional Photo Booth attendant for coordination and assistance.

Q: How many pictures do we get at an event?

A: Since the rental includes unlimited photos, the answer is – as many as you want! You are only limited by the speed of your guests/clients.

Q: How many people will fit into the Photo Booth?

A: As many as you can squeeze in! This is a genuine Photo Booth, so the space is set to accommodate 1-6 persons. Guests have an adjustable seat to sit on for their pictures.

A: The Model 12 Photo Booth prints pictures within 15 seconds of your last

pose. There is hardly a wait for the photographs which is important because guests will be eager to see their pictures! The photos are studio quality prints and will not fade. There's a clear protective coating on top making them resistant to fingerprints, smudges and even drops of liquid.

We then give you 48 hours to decide if you want to book the date. We will be happy to "hold" dates for up to 60 days.

Q: What are some of the options I can add to my Photo Booth rental?

A: Any of the following:
Custom Photo Guestbook/Scrapbook
Disk or Thumb Drive with Event Images
Online Web Hosting of the Images
Prop Packages

Q: What is the Custom Photo Guestbook/Scrapbook and how does it work?

A: We provide a high quality scrapbook. The Photo Booth attendant will have a table set up with writing and cutting instruments. He/She will assist your guests, as needed, with posting photos onto the guestbook pages. Your guests can then inscribe a personal message to you alongside their photo(s).

Q: What is a disk with Event Images?

A: Another great feature is the option to get all the event photos on a disk after the event. If you want the ability to reprint photos this is a great option. The disk includes all the individual poses as well as the six-pose printed files. With this disk, you can make reprints or enlargements on your own afterwards.

Q: What about prop packages?

A: Sure! Bring your own props (hats, glasses, wigs, etc.) or ask us about a prop package. If you have a theme, be sure to mention that to us.

Q: What is the size of the photo strip?

A: We have two photo strip options we offer. Our most popular photo strip is a 4" X 6" with six individual pictures and a center space where we put a custom graphic. The custom graphic will be customized for your event. Our second

printing option is a 6" X 9" print that prints a four picture strip, and prints it in triplicate, so there will be three copies of the same four picture strip. This option works well for those who like the traditional four picture strips.

Q: How do I customize the graphic area on the photo strip?

A: For weddings we provide you with an order form to help you select an appropriate graphic. For other events, you just need to provide us with any logos, text, or theme you want on the custom graphic and we will create something for you.

Q: Do you have multiple Photo Booths?

A: Yes!

Q: Can the Photo Booth be moved into any venue?

A: The beauty of our Photo Booths is they can be easily moved into almost any location. Our Photo Booths were designed to be able to move through most standard sized doors. Please let us know if you have a special move-in involving stairs or elevators.

Q: Is it possible to brand the photo booth?

A: Anything is possible. The outside of the Photo Booth can be branded by various means and the backdrop in the Photo Booth can be branded. We will work with you to create the visual you want for your event. Please keep in mind that branding or customizing will carry an additional charge.

Q: Where will you travel to?

A: We cover North and South Carolina as well as any location within reason.

Q: Can the Photo Booth be used outside?

A: Yes, with some restrictions. Obviously we have to pay attention to weather and temperature. The Photo Booth also has to be on a flat surface. We are happy to discuss options.
